Benchmark Index Returns

Various indices are generally accepted in the investment community as a reasonable indication of the performance of a specific asset class or investment market, and are commonly used as a benchmark against which to measure the performance of your own portfolio.

The table below presents a selection of indices covering major asset classes, sectors and international markets.

February 29, 2024

Disclaimer: This report is produced by Page and Associates - Worldsource Financial Management Inc. based on information provided by Guardian Capital Advisors, Global Insight, Thomson Financial, CPMS, Bloomberg, S&P/TSX Index Services, SS&P Index Services, TSX, NYSE, NASD, and FTSE TMX. All index returns reflect total returns that track capital gains and assume that any cash distributions, such as dividends, are reinvested back into the index, and are reported in Canadian Dollars. Returns for periods longer than one year are annualized. Indices make no assurance that investment products based on the index will accurately track index performance or provide positive investment returns. Indices make no representation regarding the advisability of investing in any investment vehicle and the decision to invest in any investment vehicle should be made considering the risks associated with that investment vehicle. Mutual Funds and Segregated Funds provided by the Fund Companies are offered through Worldsource Financial Management Inc. Other products and services are offered through Page and Associates Ltd. This analysis is not intended to provide specific investment advice. Please contact us to discuss your specific objectives.
